We Need Your Input on Recycling in Virginia Beach

Recycling is part of the Virginia Beach lifestyle, but change is coming! The City's recycling contract expires in June 2024, but before changes are made, City leadership wants to hear from residents about how recycling fits into their life. A survey will open in October to collect input. This is your opportunity to speak up on your preferences on recycling. Learn more about "The State of Recycling" and sign up to be notified when the survey opens at SpeakUpVB.com.
