KEEPING RESIDENTS INFORMED + INVOLVED

Input gathered from Community Conversation event discussed at Council Retreat Feb. 13.

Providing more opportunities for Virginia Beach residents to weigh in on the City's fiscal year 2025 budget is a priority of City Council. For the first time, community members were invited to participate in a conversation about budget priorities much earlier in the process than in previous years.

Attendees were divided into groups at round tables with professional facilitators and City staff to help facilitate the conversation. Residents at each table were asked a series of questions about City priorities and the budget. Read more about the Community Conversation event, a summary of the feedback provided to Council and next steps in the budget process.
