THIS DAY IN HISTORY

On **April 9, 1865**, General Robert E. Lee surrendered his army to General Ulysses S. Grant at Appomattox Court House in Virginia, effectively ending the U.S. Civil War.

On **April 9, 1860** the world's first recording of a human voice is created. French inventor Édouard-Léon Scott de Martinville used his phonograph, the earliest known sound recording device, to capture himself singing the French folk song “Au clair de la lune”.

Now Hiring Pool Ambassadors

Due to retirements, we have several openings for Pool Ambassadors at the Village Hall. This is a seasonal part time position that will begin in late April and run through September. It will probably average about 8 to 12 hours per week. We provide training and our schedule is flexible but requires some weekends and evenings.

If you're interested, please stop by the Village Hall, and get an application from George. Our annual pool mailer will go out to the community this month, so look for that in the mail soon.

**Recreation Committee Update
March 2024**

Committee Administration

The Recreation Committee meeting notes and other related documents are now available on the residents' West Neck website under the documents section.

The Board liaison is now Robert Tice and the co-chairs are Connie Milne and Kate Johnson.

Pickleball

The Board of Directors made a request at the January 2024 Board meeting for a pickleball sound study to be completed. This was in response to concerns regarding the noise level for surrounding homes, the pool, and other facilities.

A proposal for a sound study was approved at the recent Board meeting held on March 20th. The study will be completed by Pickleball Sound Mitigation (PSM). Once we have results from that study we will provide an update.

The proposed location for the 2 courts is the green space at the intersection of Signature Drive and the traffic circle across the street from the Village Hall. However, we are looking forward to advice on the recommended location from the sound mitigation study.
